

Cayuse Prairie School District #10
Committee Agenda
March 13, 2017
4pm– Superintendent’s Office

I. Work Session – Negotiations Committee. The session began at 4pm -
Present: Kevin Fox, Jack Thatcher, Amy Piazzola, Cat Bauer and Heather Mumby.

The Board went through some wording proposal for the CBA. They would also like to discuss the possibility of getting training for Administration, Board, and CPTA on issue-based bargaining. This is more of a work session type of negotiating where everyone comes to the table to discuss issues and hammer them out together.

The biggest change the Board would like to add to the CBA is the way teacher evaluations are done. The evaluation committee (made up of administration and teachers) have come up with some wording to replace current language.

There are no too many changes the Board would like to see made. Just a few wording changes throughout. They would like to see a committee put together to work on the grievance procedure. The goal is to make the procedure consistent in the CBA and in policy.

Negotiation on monetary issues will have to wait until the legislature is done. Heather Mumby will work on draft budgets over spring break. The Board hopes to schedule another meeting with the CPTA in mid-April depending on everyone’s schedule.

There being no further discussion, the work session ended at 4:58pm

Kevin Fox, Committee Chair

Heather Mumby, Clerk
